81. *Journal of Management Education*, 2006, 30(1), 10-14. doi:10.3181/00001485302610010. This article discusses the importance of the teacher's role in the classroom and the need for a more holistic approach to education. The author argues that the current focus on standardized testing and high-stakes assessment is detrimental to the quality of education and the well-being of students. A more holistic approach, one that takes into account the whole person and the whole community, is needed to create a more meaningful and effective education.
